CART COVID-19 Health and Safety Practices  
August 11, 2021

**CART will continue to follow the guidelines put out by the California and Fresno County Public Health Departments.**

- Physical Distancing- Recent evidence indicates that in-person instruction can occur safely without minimal physical distancing requirements when other mitigation strategies (i.e., masking) are implemented
- Masking
  - Face Masks are optional outdoors for all K-12 schools
  - Students and staff are requirement to wear Face Masks indoors regardless of their vaccination status unless the individual has an authorized medical exemption. Medical exemptions are to be requested and processed through the home school district
  - Persons exempted from wearing a face covering due to medical condition, must wear a non-restrictive alternative, such as a face shield with a drape on the bottom edge as long as their condition permits it
- Lab classrooms and high use areas at CART will be sanitized several times per day
- Frequent handwashing and sanitizing will be encouraged
- Students and staff are to use the self-health screening prior to arrival each day and are to stay home if symptomatic and/or ill
- CART will follow the CDPH's guidelines if/when contact tracing and/or quarantining is necessary and will work with the student's home school to process timelines and independent study requests.

If you have any questions or concerns please contact CART @ 248-7400
