1. CART Cabinet which is appointed by Administration and consists of 4-6 teachers, CART C.E.O., Dean and Counselor. The CART Cabinet meets monthly and the goal is to be a collaborative decision-making body for CART. Their role is to help CART move forward by exploring complex problems and to develop a deeper understanding of the challenges and opportunities these problems present. The ultimate goal would be to develop thoughtful solutions that can be presented to the staff.

Each lab elects one of their team to service on CART Council. Their role is to work on achieving efficiency and effectiveness around the day to day operations of CART. STAFF REPORTS

1. Norm Anderson (CUSD Deputy Superintendent) shared with the Board that there will be a work group convening on November 18, 2021 to continue the discussion of the impact that the late start for high schools bill (SB328) will have on CART. This requirement must be implemented in the fall of 2022. This work group will consist of CART staff, representatives from CUSD Transportation and an administrator and counselor from each high school.

   The purpose of this meeting will be to look at the current proposed late start schedules for the CUSD high schools to see how the CART schedule can be modified to have the least impact on students who attend CART. It will also be important to create a schedule that CUSD Transportation can accommodate.

   The Board continued the discussion of the impact SB 328 will have on all the intermediate and high schools in both districts.
PUBLIC PRESENTATIONS – Members of the public will have an opportunity to address the Board. Presentations will be limited to three (3) minutes.

The meeting adjourned at 4:52 p.m.
Respectfully submitted, Chairperson Todd Cook.
